

# ALABAMA FOOTBALL COACHES ASSOCIATION

July 20, 2018

Mr. Steve Savarese  
Executive Director  
AHSAA  
Montgomery, Al.

Dear Steve,

The board of directors of the Alabama Football Coaches Association met on Thursday, July 19<sup>th</sup> for our regular summer meeting. During the meeting our board discussed the current litigation situation between the AHSAA and St. Paul's School.

We want you and the Central Board to know that the ALFCA supports all of the rules, regulations and processes set forth by the AHSAA. We strive to promote football in our state and we appreciate the relationship we share with you as we work together for the benefit of our athletes in both the public and private schools in Alabama. We expect you and the Central Board to hold all of our schools and coaches to the highest of standards at all times.

We appreciate the efforts of you, the board and the task force to keep us all together as one group, both public and private schools. It is the hope of the ALFCA board that this can continue, and that the litigation situation will not lead to any changes in the classification structure as we approach the start of the 2018 football season.

We believe that our association is strongest when we compete together. We recognize the difficulty of this situation, and we appreciate the time and effort you have put in toward its resolution. Our board voted unanimous support for you and the Central Board as the litigation moves forward.

Thank you for your continued leadership of athletics in our state.

Sincerely,

Jack Wood  
Executive Director  
Alabama Football Coaches Association
